Press Release

13. August 2014

## Prepare for studying in Germany and have fun doing it

**Summer is a great time to travel, and a great time to improve your language skills while exploring a different culture. Every August, Deutschkurse bei der Universität München e.V., offer special summer classes for professionals and academics, who need German for work or for studying at a German university.**

People from 83 different nations currently attend the various classes of this year's summer school at the language institute Deutschkurse bei der Universität München e.V. They spend several weeks in Munich to combine intensive language learning with expanding their knowledge about Bavarian and German culture and history. The trips will take students to the Alps, to interesting places in Munich, the capital of Bavaria, and sometimes even to the Oktoberfest!

To make it easy for the participants, the language center offers an „all-inclusive“ package combining courses and excursions. It also organizes the stay in Munich. Participants live in student dormitories which are not in use during the summer months.

The summer classes are a favorite with students who plan to study at one of Munich's university. Many of them are supported by grants from the German Academic Exchange Service (DAAD). Before students are accepted to study at a German university, they have to demonstrate their language skills by taking an exam. Deutschkurse bei der Universität München e.V. prepare students for this exam called „Deutsche Sprachprüfung für den Hochschulzugang“ (DSH) and also for other exams like „TestDAF“.

The summer classes are offered in cooperation with Munich International Summer University (MISU) and Ludwig-Maximilians-University's International Office.
